great Andrean tradition the students of St. Andrew's gathered to remember e Old Boys who made the supreme sacrifice in World Wars I and II. Grades to 12 experienced a slide and music presentation prepared by Arthur rakovits, followed by the names of some of the fallen of World War I read c/Maj Aaron Leung and CWO Roland Hynscht. The Middle School and ade 9s circulated around a series of white crosses on the quad listening to ories of Old Boys who had been killed researched by Middle School students d told by Upper School students. Poppies were then placed on the crosses a sign of honour and respect. For both services there was special music well as readings, and a time of silence bracketed by the Last Post, a lament the pipes and Reveille.

ore I begin my remarks, there are many people I'd to extend my sincerest thanks to. To our coaching f, Coaches Shrimpton, Carroll, Foote, LaForge, yne and Tripp. I'm blessed to work alongside such nted and passionate coaches. Their vast knowledge he game and love of our players makes them ideal models and mentors. Our players are truly blessed e in such caring and qualified hands. Mr. Bedard for constant support and leadership. As was the case Mr. Reid, it's great knowing that the AD always has back. Thanks to Mrs. Bedard for her help with details planning. Heather, Marnie and their support staff for r incredible daily work in the clinic with our players. suffered more significant injuries this year than I can r recall, and it's a testament to their tremendous rts that we had our entire roster on the field when it tered most. Mr. Shields for his thankless yet luable contributions as our equipment manager. Our eraman Fritz, who provided us with outstanding e film each week. Mr. McHenry and former Director dvancement Jim Herder for their weekly support and ouragement. To the entire Andrean community for viding us with remarkable crowd support, including overflowing stadium at Homecoming and at the AA championship game. And last but certainly not st, our team manager West, aka- "Ocho." I can't gine a more dedicated and committed manager. st's name will be called later when we distribute the AA championship plaques. Without question, he is ll-fledged and invaluable member of our team.

will never hear me use the word "team" to describe Varsity Football Saints. "Team" implies a collection ndividuals coming together at any given time in the suit of a common goal. The Saints are a football gram." Rather than merely depend upon one group thletes, our program carries expectations and goals ch carry over year-to-year. My message to our ers at the start of training camp was simple. I had it on the back of our workout t-shirts. "The Standard is Standard." Simply put, the bar has been set for our ball program in terms of deportment around campus, ctice habits, weekly performance and championship irations. That bar is not going to be lowered, so the s is on everybody in our football program to reach it.

2012 Varsity Football Saints met the standard, and g the way wrote a remarkable story. A perfect CISAA ular season and playoff record. The first time this feat been accomplished since 2003. A 2nd straight AA championship. The first time this feat has been omplished since 1986 – 1987. An offence which raged 42 points per game. A defence which rendered an average of only 12 points per game. Thus our weekly average margin of victory was 30 points. Highlights include a 44-7 Homecoming victory over Ashbury College, defeating UCC at their Homecoming by 14 points, dominating St. Mike's 36-0, and ultimately capturing the CISAA championship against UCC with a character-driven 21-14 victory.

What made this season so special was our unique and special combination of talent and personalities. If you want star power, we certainly have it. Yet in addition to our immense talent, I can't imagine a group of athletes more dedicated to a collective goal, more proud to wear the Andrean colours, and more fun to spend countless hours with. Our offence is led by a quarterback who can make every play on a football field. His talent, focus, character, and drive to be great are second-to-none. I've nicknamed him the "Golden Boy" for a reason. Our passing game is built around two remarkable receivers with dramatically different personalities. One is extremely laid back and rarely talks, the other places his personal Twitter name in his visor just in case opposing players want to follow him after he's made several big plays against them. Opposing defences were well aware of the fact that the ball was coming to them every single week, yet nobody could stop either one of them. We possess two dynamic and talented running backs. One is a 210 lbs grade 10 phenom who runs like a thoroughbred horse being let out of the stable. The other is a quietly intense and unassuming grade 12 who resembles Clark Kent far more than Superman. Lastly, the heart and soul of our offence is our massive offensive line. Anchored by 4 future impact university players, this group is as talented as you'll find anywhere in Canada.

Defensively, we're led by instinctive and intense linebacker Mario Chiodo, tough-as-nails safety Jake Stirling, explosive defensive end Ty Topolinski, game breaking cornerback Jordan Carter, and ferocious halfback Fraser Sopik. This group may not have received the hype that our offence did, but they emerged as the most dominant unit in the league. They frequently forced turnovers and came up with big plays in crucial situations. Ultimately they proved the oldest adage in football true, it was our defence which won us a championship.

In addition to our so-called "star" players, the entire roster contributed throughout the year. All hands were on-deck each and every week. Without question, our roster is full of champions. - **Len Gurr**

It was the best of times; it was the worst of times. It was a time of jubilation and a time of disenchantment. So went the U16 football season of 2012. New quarterback, new receivers, new linebackers, 2 quality tailbacks; this was the making of a very good season. And it started off that way. A decisive win against cross-town rivals GW Williams gave us confidence. And while Ashbury beat us at our Homecoming, an ineligible Ashbury player gave us a default win. 2 - 0.

Then, we played a game which will be difficult to forget. Playing UCC at their homecoming, we found ourselves down by 3 touchdowns going into the fourth quarter. Then something miraculous happened. The clouds parted on an over cast day and the hand of St. Andrew himself reached down, tapped me on the shoulder and said, "You will win this football game." At that point, your U16 Saints stopped the UCC offence 4 times and our offence proceeded to drive the ball into their end zone on the next four consecutive possessions; the last touchdown coming on a 40 yard pass from Cam Valardo to Josh Carter with only 19 seconds left in the game. 3 - 0

Though we lost to St. Mike's in our next game, we were playing possum in hopes of surprising them in our second meeting of the season. We then beat Villanova in a friendly, which at that point gave us a record of 4 – 1. We followed that up with a loss to TCS by a single point. We then played Ashbury, St. Mike's and UCC again and in each of those rematches we lost by, let's say, more than 1 point, which took us out of the Championship hunt.

It was an enjoyable season and I need to thank several people for their support; assistant coaches Mr. LaForge, Stewart, Prezens, MacPherson, Brennagh and Butcher who have been hard working all season; to Mr. Shrimpton for his advice on football and coaching; and most of all to Mr. Shields for doing all the behind the scenes work to make our football program as good as it is.

I also need to thank all of the players. When you have a team of 50 players, it is difficult to provide playing time for everyone. Having said that, I am pleased to say that all our players, whether they were starters or not, played significant minutes. And I do thank them for continuing to work hard to get better regardless of their playing time. **BK**

CAIS Tournament Champs

ot how you start that matters how you finish. This ement can sum up our 1st cer season in a number of s. Returning a number of ters and seniors for their l seasons, there was much mism after 4 trophies from season and a silver medal FSAA.

ok us however, a little while ind out who we were and r a disappoint league cup to t the season we settled into CISAA season. We rode a d record in CISAA play into CAIS National Tournament dismantled our opponents our first 4 matches. We ched the semi-finals to face eam in Hillfield Strathallen m we had beaten 7-1 just here two days before the tournament. Our boys, however, learned a valuable lesson about sport and life, never underestimate your challenge, and probably most importantly as quoted from future coach philosopher, Daniel Chalifour, "never over estimate yourself". It wasn't meant to be that day and we didn't deserve to win, and didn't. After failing to claim our second straight CAIS crown we went back to work in CISAA play finishing the season with a 10-1-1 record and thoroughly outscoring our opponents. We claimed the Peter Stuart trophy, named after former St. Andrew's Master, and soccer coach as league winners for the second consecutive year and home field for the playoffs. In the semi-finals we faced St. Mike's who although ranked 4th were the toughest challenge to our bid to repeat, and we were correct. Down 1-0 early and then 2-1 at the half, it took two magnificent goals by senior William White, the second in the 89th minute to push us through to the final.

In the final, we faced Ridley College whom we had handled twice during the regular season by lopsided scores. This however, wasn't a normal day and Ridley fancied something different this time around. In the craziest 10 minutes of soccer I have ever been involved with, the opening of the final produced 4 goals, two apiece, and it was apparent we were in for an exciting and nail-biting ride. The game settled with Ridley taking the lead near half time 3-2.

The second half we broke the game apart with two thunder strikes 60 seconds apart after about 15 minutes. The first, was by right back Matthew Kennedy who possess one of the best shots on the team, funny enough he waited until the last game of the season to let the other teams in the league in on the secret. His laser beam was followed up by Mikel Lazagorta hitting a perfect ball inside the post to put us up 4-3 and in control. We added two more for a finish that pretty much encapsulated our season, slow start outstanding finish.

Some groups of students are a challenge to work with on a daily basis; and some groups make coaching truly enjoyable. This year's edition of JV Soccer was the most entertaining group that Coach Kimmerer and have worked with in memory! Liam Neuman's phlegm issues, John Joseph's concussion issues, Joey Bruccoleri making saves with his face! You name it, we laughed at it. Ryan Shotbolt brought a unique, physical approach to defending, only occasionally crossing the line with full out hip-checks. Once in a while Isaack was able to produce absolute magic on the pitch, of course that was dependent on him finding the field or knowing when the bus was leaving. Jack O'Neill informed me during tryouts that he had been a standout keeper the last time he played for a team; they were the league champs in their U SEVEN league! But through dedication and hard work, Jack earned the starting position and turned into a reliable keeper who kept us in some tight games and motivated his teammates with good communication. Jackson Redmond learned to never stand immediately in front of the bench with his hands in his pockets during a game; you never know when you might be knocked over by a stray ball. On the side of skill, Vicente frustrated opposing players with his outrageous dangles; Marco consistently created scoring opportunities with pin-point passing and well-placed crosses from the wing; David Anderson found his finishing touch; and Christian Settino found ways to break free and score some huge goals from his striking position.
And somewhere in there, the boys became an excellent soccer team.
The season began looking like it was going to be a long one. The level of skill that we have been spoiled with in recent years was not quite there. Several of our players hadn't played organized soccer in many years, like Jack; however, the team quickly began to work together and became a force in our division. After losing our first league game against St. John's Kilmarnock, the boys didn't lose again in the regular season. They worked hard in practice and developed into a cohesive group that raised its level of play to the point where they won three of their final four league games, the only blemish on their record during that stretch was a tie in their final league game against the otherwise unbeaten team from Villanova. Our overall league record of 3 – 1 – 2 was good enough to make the playoffs. In our first playoff game we beat de la Salle by a score of 2 – 0. In the semi-finals, we again faced Villanova in a back and forth affair. Breaking a 2 -2 tie with only minutes to play, we earned a spot in the league finals. This win was a result of excellent teamwork and a hat-trick scored by Christian Settino. An hour after winning the semi-final, we were back on the pitch facing Trinity College School for the league championship.
Although we were unable to win the final game, coach Kimmerer and I are extremely proud of what these boys accomplished this season. Making it to the league finals two years in a row is pretty solid. We would like to acknowledge our graduating players: Christian Settino, John Joseph Mitchell, Aiden Carnegie, Joel Lat, Jono McConnell, Jackson Redmond, Justin Ford/Chevy, Liam Neuman, Ryan Shotbolt, David Anderson, Ibrahim Moustafa, Jack O'Neill, and Joseph Bruccoleri. **SK, MC**

The U16 B soccer season was both rewarding and enjoyable for the players and coaches once again this fall. With a record of 1 win, 4 losses and 3 ties, some may think that this was not a very successful season. However, I certainly beg to differ. Our team came out to win, each and every game and put up a tremendous fight through to the final whistle. Our team was successful in developing its technical skills and team strategies, and every player finished as a better soccer player in the end. We had many nail biter matches, and our players displayed moments of brilliance in every game. When the pressure was on, our team motto "That Ball is Mine" could be heard across the field from our boys in Red. This was truly an exciting season of U16 soccer. We deserved to win a few more games though.

I'd like to thank all the players for their tireless effort in practices and games. We had a lot of laughs together, worked hard every day, and shared in our passion for the sport of soccer. I'd like to personally thank our Team Captain, Kunal Khemani for being an excellent leader on the field and a great assistant to the Coaches. **BM.**

Well over 30 boys tried out, eventually settling into two very strong teams. Great teamwork and positive spirits infused every practice and game. Milkshake prizes were appreciated and thirstily consumed. The only complaints heard were about the torrentially cold weather suffered during the semi and final one day ending. All 17 players on our roster were able to play in every game. Coach Kyle wishes to thank the boys and their parents for all their support and effort during this short but wonderful season. D**K.**

U14B Soccer had another very exciting season. Despite the fact that every game we played was against other schools' Tier 1 teams, we managed to be competitive in many games. Game in and game out the boys showed tenacity and courage. They could never be faulted for their effort.
The highlight of the season was our game, played during hurricane like conditions, against local foe Country day school. We moved two of our attacking players, Daniel Cheung and Karim Libien , back to defence which allowed Will Sirman and Jero Pesqueira the freedom to move forward into attacking positions. Jero scored 3 and Will 1, while Matthew Medhurst made several key saves, in a thrilling 4-2 victory.

A trip to Vancouver sounds like a vacation however, the boys will be quick to describe a grueling experience which included playing 7 games in 2.5 days, playing through rain and snow and worst of all trying your very best to smile and pretend that a ball that strikes your exposed frozen skin doesn't hurt.

After watching a teammate leave the field in an ambulance and later finding out he had broken his leg the boys decided it was their goal to do their very best to stay focused and earn a spot in the championship division.

This tournament reflects a survival of the fittest scenario and now with a 13 man roster each player was forced to push themselves beyond their physical limits. Unfortunately, a loss to Crescent in the first game on the second day we were going to have to play the game of our lives against Hilfield in hopes to secure a spot in the semi-finals.

A beautiful goal by Dara Goharchi in the dying minutes against Hilfield meant we needed Crescent to win and put us through to the semi's the following day. Unfortunately, Crescent's loss knocked us out of contention but our win put them through.

Although, the boys were disappointed they did feel as they held up their end of the bargain and did everything possible to finish in the top 6 to ensure next year's team would have a fighting chance to make it to the finals.

In our local league four of the five teams finished in the top 8 at the nationals. Unfortunately, due to injuries we only had 12 players for the CISAA semi-finals. Another tough loss to Crescent was not the result we were hoping for; however, the boys did play well and worked hard until the final whistle blew. **MD.**

This season was the first ever SAC Under 12 soccer team to compete in Division 1. Overall the season was an encouraging one, marked by real gains in self-confidence and success. The final tournament saw us matched first against UCC who beat us 5-0, but we were confident we could beat RSGC again to reach the semi-final. The game went to overtime and we eventually lost on penalty kicks. We would like to thank all the boys for their love of the game and for their eagerness to become the best that they could be. **MH**

What a great season it was! What an amazing group of athletes, Andreans, young men! This year's Volleyball team was a dream team for any coach. Under the leadership of the best captain the team has had in recent years, we showed the world of High School volleyball that SAC Volleyball is a reality. Led by captain Ladak, we beat powerhouse UCC on two occasions and reached the CISAA championship final losing to St. Mikes in five sets. What an exciting match it was! The spectators were treated with an amazing display of volleyball by both teams. It was a match for the ages. **CN & FC**

After almost 25 years without a single CISAA championship, the U16 volleyball team won its second straight title this year. St. Mike's was the powerhouse in CISAA volleyball for over 10 years, and UCC was typically right up there with them. We were always in the Final Four, but we never quite managed to win in the semis to earn a spot in the championship game. Unseating St. Mike's at the top spot was not even a goal for us because it was difficult to see beyond the semi-final match. Two years ago was the first time in decades that we finally broke the streak of semi-final losses, and we even managed to take a set from St. Mike's in the finals. We considered that to be quite an accomplishment, and being that close for the first time in years gave us a taste for what it would feel like to win. Last year we made it the finals again, but this time after losing in the first set against St. Mike's, we won the next three straight sets to take our first CISAA title since 1988. It was an incredible feeling, and a great learning experience for the grade 9's on the team.

Those same grade 9's from last year were our starters, leaders, and best players on this year's squad. They came into this season knowing what it feels like to win, and understanding what it takes to make it happen. From Day One, they had their sights set on a second title. Our only loss in CISAA league play was to St. Mike's at home by a score of 3 sets to 2, but we redeemed that loss at their gym later in the season with a 3-2 victory. Both teams finished league play with 9 and 1 records, but we secured first place and home court advantage for the Final Four based on points for and against. We went into the finals expecting some very tough competition, but feeling confident nonetheless. We had little trouble with UCC in our semi-final match, but Crescent surprised everyone by upsetting St. Mike's in five sets in the other semi-final match-up. We went into the championship game pumped to put on a good show for the home crowd, and we did just that. We played some of our best volleyball and completely dominated Crescent School by scores of 25-8, 25-22, and 25-9 to take the title. With some huge smashes, massive blocks, and exciting defensive plays, we definitely gave the fans a show.

Beyond the CISSA, we've also put St. Andrew's on the map when it comes to Ontario volleyball at the U16 level. We went from never having made the playoffs at a public school tournament three years ago, to being contenders for virtually every tournament we've entered over the last two seasons. We've won two tournaments and been finalists at three others in that time. Our goal now is to continue the tradition of volleyball success. **MS**

Right out the gate this very energetic group of young men was ready to play and for most, ready to learn how to play for the very first time. They made it all the way to the CISAA Championship where they lost on the final serve of the final match to Bayview Glen School in a thrilling game. A few years before you boys were born, a world-class Tanzanian marathoner said something that not only applies to running, but pertains to all sports: "The will to win means nothing without the will to prepare". No matter how lofty your goals and aspirations are, without hard work and determination, you won't achieve what you have set out to accomplish.

It's for this reason that I am incredibly proud of our Middle School runners this year – they demonstrated the will to prepare. While it's true that we use a lot of games to develop running-specific skills and to foster a true love of running, the boys on the team also completed many tough practices that would have challenged even the most-seasoned runners in the Upper School.

This fall, we put our beautiful new track to the test. It was excellent for gauging our speed and tracking our progress throughout the course of the year. It helped the boys learn a lot about pacing and maximum effort. To be honest, I'm not really sure what we did before we had this fantastic facility.

Mrs. D'Angelo and I were very impressed by our boys this year and enjoyed watching their perspectives slowly change. What the boys thought to be challenging in the first few weeks of the year, quickly became manageable, and ultimately became mastered by the end of the season. We had a number of significant accomplishments that can be seen on the slideshow, but the most important thing to remember is that success was earned through hard work. **KR & SD**

Award Winners:

J-12:

Our MIP demonstrated an eagerness to improve his endurance this season and a keen interest in running that went beyond his time with the team. He made an effort to run with his family and entered a couple of races on his own accord to improve himself his ability as a runner. This year's U12 MIP is Aiden Walters.

Our MVP for the U12 boys had a great attitude and was willing to push himself to his limits. He was always up for challenges in practices and races. By the end of the year, he was our fastest U12 runner and earned the most votes from his teammates: This year's U12 MVP is Owen Laffey.

J-14:

Our MIP for the U14 runners goes to an individual that has made significant long-term gains as a runner. He used to be a tiny grade 6 boy who struggled to keep up with the pack; however, through three years of hard work and continued determination, he has grown to become a confident and capable runner. This year's U14 MIP is Eric Asgari.

Without question, our U14 MVP was our fastest runner at every single race throughout the year. His ability to push himself when everything was on the line was genuinely impressive. He reached the podium in each and every race this season and never came less than 2nd place. He was incredibly focused on his goals this year and narrowly missed winning this year's CISAA championship. Our U14 MVP is Regan Kimens.

After three championships in the last 4 years, the JV Hockey team fell on tough times this season. With a change in philosophy, the team had to rely on grizzled veterans such as Jono McConnell, Devon DeLangley, Liam Killops, Reese Foegele, Cody McMillan and the Russian sensation Rusty Sennovskiy. While we were in every game we played, the pucks didn't bounce our way and we ended up on the wrong end of a 5-15-1 record. And while most of our games were decided by two goals or less, we unfortunately lost a great many of them. Must have been the coaching. Our finest moment this year came when our one goalie with experience, Connor Rowntree, was ill, and we turned the net over to our other "goalie" Nick Whitelaw who began the season as the manager! In fact, Nick Whitelaw hadn't played in years since manning the cage for Pizza Nova in the Aurora House League 7 years earlier. Our pregame speech to our team was very simple that day – I turned it over to Mr. Foote for the pregame speech looking for words of wisdom. He did not disappoint when looked at the boys and said, "block everything." To their credit, it was like a switch had been flipped. All of the sudden the JV boys were blocking shots, taking hits to make plays, and playing a determined brand of hockey. It didn't look like us at all! We took a 2-1 lead into the dying seconds, and with the game on the line, Hillfield slipped a player into the slot, the puck came to him, he shot it, Mr. Foote and I prepared ourselves for disappointment, and Whitey made the save of his life to preserve the victory. Sweet victory. **TB JF**

We ended the year with a 7 and 5 record and lost to St. Mike's in the semi-final, in what turned out to be a tremendous game considering the fact that we had only 11 skaters and a goaltender! At times this season, however, the highlights were off ice, rather than on it. Before a game, our bus driver asked if you knew the short fellow who worked at SAC. Who, Chris Papalia? "Yes, that's him", she said. "Does he have a girlfriend?" None of us really knew. She continued, "well, is he Jehovah's witness, because my daughter is a devout Jehovah's Witness." We told her that we didn't think so. "Too bad", she said. "He's a nice boy". On another bus ride, Coach MacPherson had to call the bus drivers wife to explain to her why he was going to be late for dinner. "She won't believe me, but she might believe you!" On the ice was an adventure, too. Liam Joiner scored his first SAC goal this year and asked to keep the puck. I said no problem, but know that your account will be charged $2.50. Finally, at random times during the season, Leroy would just yell, "Scrimbo", even while on the ice during the game. In the end, we had a team of characters and it was an enjoyable season. Our goal was to make the playoffs and be competitive in every game, and we accomplished both.

This year was another very exciting year for the 1st Basketball program at St. Andrew's. It has been incredible to see the evolution of the program, and this year was the most talented team to take to the court for St. Andrew's in a long time. As a result, there were many highlights to the team's season.
- Tournament Finalists at the CAIS National Tournament, SAC Invitational, and Guy Vetrie Invitational
- Honourable mention in the GTA 'Super Sixteen' for the first time in school history
Recognition provincially and nationally, including visits from several NCAA Division 1 schools
- Bedard Gym was packed on a regular basis to watch the team play thank you to all of the fans for supporting us at all of the home games, especially at the annual 'Spirit Night' game
- The team is inching closer than ever to the goal of being the first team to represent SAC at OFSAA, and the returning player our program should use this as motivation to continue improving, and something to strive to achieve next season.

I want to thank our two managers, Michael Mardini and Alex Bowlin, for their great work this year with the team. They both di fantastic job this year tracking statistics, capturing game footage, and even updating the fans on Twitter.

Season Highlights
Season record: 7-6
Gold medalists at the St. Mary's Invitational tournament
Bronze medalists at the Rockway Invitational tournament
First CISAA Division 2 playoff appearance

Your 2013 JV Saints will be remembered for their physical dominance on the court and their flair for dramatic fourth quarter comebacks. After starting the season with a 0-3 record, your JV Saints proceeded to win eleven of the next thirteen games including a bronze medal at the Rockway Invitational tournament and a gold medal at the St. Mary's Invitational tournament. The determination, character, and heart displayed by these young men throughout this season was clearly evident in our first Tier 2 playoff game at Bayview Glen. With a "bend but don't break" mentality, we battled defensively while Ryan Neiman sparked a struggling offence by draining 12 of his 29 points in the fourth quarter. Trailing by 11 points with 1:03 remaining in regulation, Evan Sheridan nailed three three-pointers to close the gap to two points before the incredible comeback ran out of time.

I would like to thank the following seniors for their hard work and dedication this season: Brett Tomlinson, Peter Godber, Arya Ashoori, Evan Sheridan, Aman Nasser, Ryan Neiman, Sean Huang, William White, and Darien Arscott. **MC**

This season I had the privilege of being the coach of the U-16A basketball team. Our league was clearly divided into the Haves and the Have Not's; with no surprise St. Andrew's was firmly part of the Have's. Throughout the season, we experienced our share of success, most namely winning the St. Andrew's Invitational Tournament at the junior division. The steady leadership and versatility of our Captain Aaron Sum was crucial to our free flowing offense. He emerged as someone who could identify what the team needed during the game and go out and get the job done, often helping to provide the resilience a good team desperately needs. Then there was our deadly duo, and the best backcourt in our league, Josh Carter and Brandon Haryott. It's hard to identify the success of one without highlighting the other. Josh is a steady defensive stalwart and an unselfish pass first point guard. Josh ran our offense masterfully, got others involved, and wanted to guard the other team's best player. Brandon was less disciplined on defense, but to his credit his gambles and reaches often forced turnovers or a seat on the bench. But it is Brandon's offensive game that sets him apart, he can flat out score. He's in range anywhere over half court and he carried our team offensively during many games. Then there was Austin Hassani, our team MVP, our heart, our leader. He provided us with big plays when we needed them, he left everything and more on the court every game. He improved his 3 point shooting, his dribble attack and his post-game. There were few players in the league that combined his strength and believe it or not, his speed. You can tell Austin is a well-trained multisport athlete as he doesn't fit the mold of a traditional basketball player. He doesn't shy away from contact, and despite my pleas from the sideline he whips passes the length of the court with ease. When our team was down he helped lift us back up, his energy and emotion was what set him apart as the key to our success. "Big Body" Burak Yalcin was our team MIP. He learned quickly, used all of his fouls and brought with him a lot of Turkish flair. Our team was a young team, and I look forward to bringing back a number of key players to make another run at it after a summer full of hard work! Thank you to all member of the team for a great year. **CE**

The Under 13 Basketball season started on a very bad note. We lost our starting centre, for the entire season, after one game to a broken leg. Our league had many very good teams in it and winning games was very challenging. Despite losing all games for the first half of the season the boys showed true grit and determination and we finally won our first game late in January. We then entered the CAIS national tournament where we won the consolation championship with 5 wins in 3 days competition. Our championship banner hangs proudly on the wall behind you.

Mr. Chau and I would like to congratulate every player on the team as they each improved remarkably from the beginning of the year. Congratulations gentleman. **DJ**

rt of a very exciting meeting a couple of years en we were officially told about the introduction rade 5 program at St. Andrew's. The plan d particularly sweet to me as the U12 all coach. I had visions of tryouts with 25-30 m both grades fighting for positions on the his vision was short-lived, however, as the n that caught my attention at that meeting was duction of the U12 Hockey team . . . Now U12 is a fantastic program as you'll hear later this , and I am more than happy to share our young athletes, but it did create a slightly reality for U12 Basketball: As it turned out I y lucky to have 15 enthusiastic young men try he team. I kept them all and we entered the n with a roster made up of 6 players from and 9 players from grade 5. Despite the youth xperience on the team, speed, strength, and e never really an issue as our boys always did d by playing their hearts out with a style that ferocious defence and exciting scoring plays; nd of the season, we were seeing points put most all of our players from outside shots, hard the hoop, and accurate free throws. The one challenge that we couldn't overcome was ing. Our big men under the basket always to be fighting for rebounds against players e 6 or 8 inches taller, and this would prove to ndoing on many occasions. Regardless, we aged to keep most of our games close thanks forts of all of our players; our point guards, atthew, and Michael; our shooting guards u, Chris Yi, and Billy; our small forwards Bryce, and Dillon; our power forwards Jacky, and Alex; and our centres, Alexei, Brendan, s. 1st Swimming

Lead by our strong Captain, Keaton Ward and Assistant captains, Matthew Chan and Aaron Leung, and team manager, Alex Auger, our U16, JV and 1st teams were confident, strong and very successful this year.

The season started strong with Justin McNamara breaking our school record in the 200 freestyle. Along came the CISAA Championship in Mid- February at the University of Toronto, when Keaton Ward broke the school record in the 100 breaststroke for the first time. Swimmers had very strong performances with our senior boys team placing 2nd and our Junior (U16) boys winning the championship. Our young team had results that surprised the swimmers themselves: New swimmers to the team, David Hastings-Grgas, JongHoon Kim and Rambod Rezaie had outstanding races that were not only personal bests but were also point scorers, contributing greatly to the Championship win!

From this meet, we had 11 OFSAA QUALIFIERS. Our Junior and Senior boys were small teams of 5 and 6, which were fierce and feared by the other teams. Both teams again, had outstanding swims and placed 3rd and 4th respectively.

From this meet, we had 11 OFSAA QUALIFIERS. Our Junior and Senior boys were small teams of 5 and 6, which were fierce and feared by the other teams. Keaton Ward won triple gold in the 100 breaststroke, 4x50 Freestyle relay and Medley relay, which was a thrilling race from start to finish. Justin McNamara also won triple gold in the 100backstroke,4x50 Freestyle relay and Medley relay, Mark Chan won silver in the 100 IM, along with Gerardo Gadsden and alternate Matthew Chan, all were part of the 2 senior relay teams who took home gold. Our junior boy's 200 Medley team (Jason Li, Justin Lee, Cedric Lau, and Elliott Powers, Alternate Russell Cheng) and 4x50 free relay team (Elliott Powers, Juan Carlos Artigas, Jason Li, Cedric Lau and Alternate-Russell Cheng) took home silver and bronze medals. Cedric Lau .also won the bronze medal for the Jr. Boys 50 breaststroke. Overall, the boys placed 3rd and 4th respectively. Honorable mention goes to Jason Li who won his race at CISAA and then placed 7th in the Jr. 50bk.

Thank you to our new assistant coach: Mr. Trevisan, we could not have accomplished all that we did without your support, knowledge and brilliant coaching. Hosting meets is a very daunting task. Thank you as well to all of the lifeguards, volunteers, staff, faculty and I.T. who assisted with hosting our meets. Thank you and congratulations.

U14 Swimming

Our MS swimmers this year were full of energy and the desire to improve their swimming techniques. They worked hard at each practice, were determined to improve their strokes and times throughout the season, and finished with more than twenty top-ten finishes at the CISAA championships. This is quite impressive given that our students compete against schools where the majority of their team is made up of club swimmers.

We are very excited to see what our younger swimmers can accomplish as they get bigger, faster, and stronger in the next few years. We also hope that all of our grade eights continue swimming with Ms. McCue and Mr. Trevisan next year.

Some of our season highlights included:
Personal best times by every swimmer at every meet that they competed in all season
All of our athletes learning to streamline, dive, flip turn, and breath successfully which was a huge accomplishment for our boys given that many of them were new to the sport.
Some of our swimmers interesting use for items acquired from the pool's lost & found

The 1st Squash Team has h a great run with championship seasons in row. We knew the chances extending the streak one m year would be very tough. W graduated 4 players and th had to face the devastating lo of Josh Mahfood, our captain, at Christmas due to injury. So, effectively we had rebuild with only 4 of 9 returni players. But this is what h school squash is all abo giving the opportunity to you players to step up and compe at the 1st team level. So, w this being a rebuilding year, did very well finishing in secon place to Nichols School by score of 92-87.

So, the winning streak h come to an end after seasons, but that just mea we have a chance to set a n record and that starts n year. Looking ahead to n season we are graduating o 2 of our top 9. This is a gr sign. As a squash progr from U14 to 1st we are alwa rebuilding from within school. We have some go players coming up, but we always looking for m players. So, if you are a te sports guy looking to try individual sport, or you ar young student who has not found his sport, or you looking for a great cro training sport to keep fit o the winter, we are alw looking for new guys at the U and U16 levels. Try out n year. SR

Last summer, Mr. Reid contacted me, saying I was going to coach the Middle School Squash team, explaining very convincingly why I was going to enjoy this sport. What he did not realize is that this was the first time ever that I would coach a boys team that was shorter than me, well most of them as some of the boys grew taller as the season went by. I have to say it was an amazing experience, Imagine coaching 26 talented, loud and very entertaining young athletes. It was truly a lot of fun. Thank you for a fun season, Les Boys!

Firstly, I have to thank Mr. Rush, Mr. Bedard, Mr. Totera and Mr. Service who covered for me when I was away for personal reasons, you guys are amazing!

Mr. Rush attended our practices regularly, his dedication and passion to develop the program is second to none. The boys enjoyed seeing you at practices, Mr. Rush. Thank you.

When Karim Popatia asked to join me as a coach ,the boys and I were thrilled, because not only they had a big brother coaching them as, they had a first team player joining them. Karim, I look forward to working with you again next year.

After a couple of good espressos and long discussions with Mr Rush, we decided that in the best interest of the program, the team should be made of players from all grades. It was a decision that will keep the squash program very successful for years to come! We kept 26 of you, young chicos, and you were all fun to work with, loud, crazy at times, but a lot of fun. You all stepped up to the plate when it was time to and you gave your best when competing. A coach cannot ask for more. Thank you!

I have to congratulate you all for taking 3rd place at CISAA, and with a little more luck we would have finished 2nd. Karim and I are very proud of you. And we look forward to next year.

Well done, Chicos! **CN**

Fencing

The 2012-13 season had thirteen boys on the fencing team. We had eight new members joining this year including experienced fencers Jean-Philippe McCluskey, Victor Li, and Cleander Yu. Michael Hastings-Grgas captained the team for a second year. Team members competed at several individual and team foil tournaments. At our annual St Andrew's Fencing Challenge the A-team (Michael HG, JP McCluskey, Ken Zheng) won Gold in Division A. The B-team (Joshua Ri, Victor Li, Jonathan Tse) won a Silver medal in Division B. At the Arc Angels OFFSA invitational the A-team (Michael HG, JP Mcluskey, Donald Carswell, Joshua Ri) won Gold, and the B-team (Victor Li, Jonathan Tse, Cleander Yu, Ken Zheng) won the Bronze medal. The MVP is Michael Hastings-Grgas and MIP is Oscar Qi. The team had great results and we look forward to many more duels next season.

Coaches Day and I were really excited abou prospects for this 2012-13 season. The team certainly the deepest that we have had in n years and we seemed poised to have all o pieces in place to make a really strong run a CISAA championship which has eluded us fo last few years.

There was only one thing missing. Snow. D poor conditions we were forced to cancel almo of our on hill practices which really put our experienced skiers at a disadvantage. Despi setback, however, our racers worked extreme in all of our dry-land training sessions which fo on core strength, agility, and balance. This cer gave them an edge when it came to race Immediately our JV teams demonstrated tha were the team to beat. Fueled by outsta individual performances in all of our races le up to the championship, the JV squad won t the three league races led by our top seeded r Alec Mulder, Will Thompson, Ben Elliott, Andrew Clark. In the final race, however, mi by our top racers led to crashes, and unfortu we were narrowly defeated by a strong team St. Mikes. It was a disappointing way to en season, but the guys should still be commend finishing second overall in a very comp league. Our Varsity team had a very tentative to the year, not qualifying in the first race due fact that 3 of the 5 racers were not able to com finish the course. The squad continually imp in each race, however, finishing 3rd and 2nd c in our final two races leading up to the champio Despite a strong effort in our final competiti guys were not able to make up enough gro win the league, but their efforts were reward a very respectable 3rd place podium finish f year. Our level 2 team worked extremely we year but unfortunately were outgunned outmatched at many of the races this year by of the larger teams from St. Georges and Cre Many of our guys skied to personal best fin however, which was a great accomplishment our limited ability to train this season. Indiv we had some spectacular performance deserve recognition. Although we did not w league in level 1, Will Pidduck our top ranke won the overall individual gold medal for le Based on his successes in CISAA, Will wa able to qualify and compete at the pro championships in Collingwood. After two d racing Will placed a very respectable 16th a place in the province in Slalom and Giant respectively. In our JV league, Will Thompso Elliott and Alec Mulder simply dominated efforts and commitment led to 2nd, 4th a individual overall placings. Congratulations! like to take a little time to recognize ou graduating skiers for this year. Our captai Sandham, Roland Hynscht and Marc Roman all been very dedicated and strong contribu our program for many years. Their guidance younger racers as well as their help during t will be sorely missed. In addition, I also want t our manager, Ian Chappell for his efforts a on race day. Trying to manage 30+ racers 50+ acres of terrain is quite difficult and someone to help out shuttle jackets, officiate or simply cheer the guys on was very appreciated. **JI & ND**

Nordic Skiing

Despite a late snow and a lack of public school te participation this year, the CIS Nordic Ski program continued push on with determination and ambition. Twenty-three you men from Grade 8 to Grade 12 took part in what was one of most demanding, and most successful Nordic seasons in Andrew's history. The late snowfall allowed us to focus the f six weeks on our fitness training. We became very good frier with the Insanity workout programs as well as running throu the local trails and working on our hill training at the Aurora wa tower. The lack of public school teams racing worked in favour, as it allowed us to gain a higher profile with the local clubs and University teams around Ontario. Our te participated in a number of high school races, as well as Ontario Provincial championship race held at Duntro Highlands Nordic centre. For the first time in over a dozen yea St. Andrew's hosted the CIS Championship race at our o training club at Hardwood Hills, and we were proud to br home both the Junior and Senior Boys Team Trophies for 20 Our team members gave a solid effort throughout the train season, whether working out in the Cadet range afterschool training on snow at Hardwood Hills. As usual, our first year ski equaled the number of veteran skiers on the tea Nevertheless, our team raised the bar to the highest level ev with members competing at local club races, Ontario Cup rac and Provincial biathlon races. Andrew Ladouceur led Biath Team Ontario at the national championships at Val Car Quebec and just last week, Austin Valjas raced at the Canad Nordic Championship races in Whistler BC. This season saw many exemplary young men pursue excellence throu the Nordic ski program. Our Junior Team Champions consis of first year skiers Liam Smith, and Inigo Elizundia alongs veteran skiers Ben Kastelyanets, Logan Ward and Au Valjas. Our Senior team consisted of first year skiers Jacob K and Tobias Dieckmann, alongside veteran skiers Ben Harris John Joseph Mitchell and Scott Wood. r's curling Saints began the year with great promise. Both the Boys and Open division teams saw players come back to fill their ranks. In fact, we only welcomed two new curlers to the sport this ile both those new curlers became contributors to the team in their turn, it was the hard work and n of the veterans and their willingness to embrace some new and sometimes unorthodox coaching that made the season such an overwhelming success.

AA pre-season bonspiel gave us a good look at the competition, and an opportunity to give the ups a try before beginning regular season play. Your Saints played well, and brought home every hardware available to them, including the top two skills competition teams, and 1st and second erall. It's the fourth consecutive win for St. Andrew's at the opening bonspiel.

CISAA league play, we were the dominant force in both divisions, with both teams going undefeated eason (rink Chiang had a perfect record). Although it seemed like completing a perfect season by the final CISAA bonspiel should be easy, I had been overconfident before in this situation, and at it can all fall apart in the CISAA finals. Despite a set of final games that kept both coaches , and pacing the floor, your curling Saints captured CISAA gold in both divisions, a feat that has accomplished by any other school to-date!

CISAA gold medals confidently around their necks, our Boys division team of Michael Chiang, eGagne, Felix Wong, Jordan Brown and Brandon Coverdale as alternate looked ahead to the championship in Ottawa. Once again, based on our league record, we were placed in a very ive pool, with the eventual second and third place teams in the province. It was another lesson in but an excellent chance to get out on the ice with the best in Ontario. Our curlers will most likely o watch the Briar some day and say that they hung in tough with the best in Canada. As in previous competitions, our goal was to win more ends than ever before, a goal that we were able to surpass. nts displayed great sportsmanship, played with conviction and lost with grace, winning the respect es, officials and players from other schools and we are incredibly proud of their accomplishment!

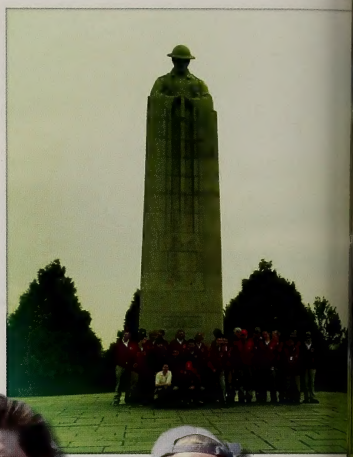
Battlefield's Tour '13



The trip was once again a huge success. We began in Normandy, combing through countryside where the key battles of the summer of 1944 took place. We visited the American Cemetery at Colville, had dinner in Le Mesnil Patry with some townspeople who were liberated by the Canadians and we paid homage to those lost in battle in a candlelight service at the Canadian War Cemetery at Beny Sur Mer.

From there we ventured north into Belgium where we toured the sacred sites of Ypres. During the Menin Gate ceremony (which occurs daily), Joseph Shields '15 was asked to pipe the lament for approximately 2,000 people. This was a significant undertaking and he earned many compliments from the onlookers.

We then moved in the Somme area where we toured the trenches of Beaumont Hamel, the site of the Newfoundland Regiment's fight on July 1, 1916. From there, we finished the tour at the most famous Canadian site, Vimy Ridge. This was an extraordinary way to finish a glorious tour.

This trip remains significant because the young Andreans who take this tour gain an understanding of the finality of war and the idea of Remembrance. And, for the young men who have gone on the Tour and the 23 who ventured forth this year, they will work hard to uphold the motto of the #142 St. Andrew's College Highland Cadet Corps. **DS**

at a season!
CAIS National tournament was hosted on Vancouver Island by Shawnigan Lake school. In steady , against all expectations, and with only 14 players standing by the end of the final, we came away the silver medal and a great experience.
urning home to a very tough CISAA league we finished tied for 1st place having lost only a squeaker CS, we then fought our way past UCC to an amazing CISAA Final against TCS.

may recall me gushing over the fantastic game we played to win last year's CISAA championship – ame we were never supposed to win, but did win because of great defence. This season was in e ways even better: We knew we had the better offense – a spectacularly mobile pack, and the est set of backs in the league, and a very strong defense, but we also knew that TCS's defense was n better than ours. Unsurprisingly, the finals were one of the closest and most intense games rugby ever seen. Tied at 8 a-piece with 15 minutes to go and with a strong wind in TCS's favour, we naged to keep the ball in the TCS half for the final 15 minutes. Every time TCS got it they would kick ownfield, only to see Mac Baker and Justin Ford return the punt back to the TCS half where we ld work it back up to their 22. With just 3 minutes left TCS finally gave up a penalty about 30 m out. kick into the stiff wind was a 50-50 prospect at best, but in the end championships are won when r best players play at their best. In this game everyone did, including Mac Baker who drove that kick ight through the uprights for the win and a glorious back-to-back championship for 17 of our players.

s team was my favourite in 24 years of coaching. Hard working, positive, supportive, and very nted. They are proof that nice guys do not finish last, when they work hard, they finish first. **JB & GS**

The U13 rugby team's season can be characterized as one of perseverance and resiliency. Our team, comprised of mainly grade 6's was pitted against teams much larger and faster. Where UCC is finding all these 160 pound, 12 year olds, is beyond the coaches. While we had some tough losses, what always emerged was an enthusiasm for the game and a desire to keep playing. In our first tournament at UCC, we had four players sustain injuries which took them out of the game, but we still managed to finish the match one man short. They continue to remind us coaches what sportsmanship is all about. At the CISAA finals, the refs and opposing coaches commented how our boys were playing "good rugby," and we hope to build on the great tries and tackles we had seen this season to improve next year. For making great progress with his tackling, not to mention the ever-present smile on his face, this season's MIP is Thomas Childerhose. This season's MVP, goes to our top scorer, and most fearless player, Peter Wu. **TP & SS**

Today we celebrate the success of our season, say good-bye to our graduating players, and look optimistically towards next year. As for most worthwhile pursuits, success demands dedication, discipline, focus, and complete commitment. Clearly the focus of our season is on preparing for the CISAA Championship. Fluanting our season record - as good as it was - would be unduly pretentious because the skill level in our league is so diverse. Year in, year out, our true competition comes from the likes of UCC, RSGC, SMC, CS, and DLS.

Last week, 16 schools sent teams to the CISAA Championship tournament at Humber College. Each team fields 3 singles players and 2 doubles teams. Both individual and team awards are up for grabs. I would be remiss if I did not acknowledge that we had a great draw. We could see that if everybody brought their A-game, all of our players could make to the final round. That is exactly what happened. When the dust settled, the individual medal count was as follows:

Andre Chan; #1 Singles Player – Gold
Henry Hsieh; #2 Singles Player – 3rd place
Field Tian; #3 Singles Player – Silver
Jae Woo Kang & Douglas Lee #1 Double Team – Silver
Jason Zhang & Edric Wong #2 Doubles Team – Silver

For the overall team championship, points are awarded based on a players final standing. In the end SAC and UCC had 63 points each. We share the CISAA Championship with UCC.

A special thanks to our development players, Gary Zhou, Eric Joo, Eddie He, Rex Liu, and graduating players William Qiu, Evan Moon, and Jack Park. **MJ**

The baseball team entered 2013 with high hopes. Buoyed by the addition of the most intense coach at St. Andrew's College, Mr. Papalia, and his years of college playing experience, we were ready to tackle the season. The year started with lots of practices in the Summer 365 facility and a bunch of rainouts reducing our 17 game schedule to 10.

When the season started at TCS's showcase tournament, we were looking pretty good. We won our season opener against Ashbury, 26-0 and thought, "hey, we're pretty good". In our second game we were beaten 11-7 by King City, and we thought, "hey, we're not as good as we thought this morning." We regrouped the next day and won the bronze medal.

Later, we avenged our loss to King City with a clutch 5-3 win in our own Tournament. We then closed out the season with a win and defeated Trinity College 5-2 in the league semi-final to earn a place in the CISAA championship vs our old nemesis, St. Mike's. This story does not, however, have a fairy tale ending and we lost the final to St. Mike's who will go on a represent our league at OFSAA.

Two noteworthy stories involve Mr. Papalia and Jake LaBrier.

1.In an early season game vs King City, we were down by a few runs (okay more than a few) and a King City player tried to stretch a double into a triple. This runs contrary to baseball etiquette. When the throw came to 3rd in plenty of time, I heard Mr. Papalia say to himself with much intensity, "Tag him in the face". Mr. Gurr and I said, "what did you say?" And he turned to us and said, "that was a greedy play. You know what happens to greedy players? They get tagged in the face!" He was just kidding…I think….

2.An equally funny moment came when Jake LaBrier was attempting to become the first player to hit one out of our beautiful new diamond. Lots of games so far, and zero homers. Well Jake was at the plate, and he hit a towering moonshot to left. I mean it was up there. Apparently, Jake thought it was a homer too. He flipped his bat and started the slow trot to first with a grin on his face. You can imagine his horror when he was 10 feet away from the plate, walking to first, when the ball hit the fence in the air and stayed in the park. The very next thing I heard was Paps yelling "run". Needless to say, Jake ran the rest of the way to first base and earned the longest single in the history of baseball.

MIP - our MIP continues to develop into a dominant force for the team. In fact by the end of the season he was a regular starter in the lineup and actually started the championship game for us. The best part for us is that he's in grade 10. Austin Hassani.

MVP - our MVP has been with the club for 4 years and he saved his best performances for the last two games of the season when it mattered the most. In the semi-final, he went 2 for 3 while throwing 5 innings of two-hit ball. In the final he was unavailable to pitch but had another solid day at the plate and made some great defensive plays. Our MVP is Erik Kimmerer. **TB & LG**

U14 Softball

The U14 Softball team had another tremendous regular season, ending in a three way tie for 2nd place with UCC and Crescent. The boys played really well during the short season and impressed the coaches with their skill development, their positive and eager attitudes, and their overall love for the sport. We were very fortunate to have Mr. Hanson join our team this year for his final coaching experience at SAC before his retirement. The boys and I were really disappointed not to have Coach Walden standing at first base, but were all thrilled to hear that Mr. Hanson had decided to coach a third term. He was no longer just our mascot and biggest fan - showed up to most games and practices, and was a positive addition to the team.

U12 Softball

The first ever U12 softball team took to the field this spring full of energy and eager to play ball! Despite the setbacks that the weather provided, the team member's spirits were never dampened. The boys played well all season and continued to improve their skills. Many of them proved to be diverse players, as they were called upon to fill different positions. Although we were winless this season, we learned a lot of valuable lessons that will help us prepare for next year, and hopefully have a chance at redemption against our rivals at UCC. Mrs. Rose-Donahoe and I would like to thank the entire team for a great season. It was a lot of fun working with this spirited group of young athletes. **NM**

MS Track

This year's Middle School track and field season was highlighted by many great individual performances, and rain. Although the weather didn't usually cooperate, our boys were dedicated and attended regardless.

If there is one image that best captures the season it is our team practicing hurdles together, only sometimes clearing them, while a storm pelted them with hail and rain. As always our boys made the best of the situation, making sure to have fun along the way.

The unique thing about track and field is that every grade practices together. We want to thank our grades 8's for doing an exceptional job of helping their peers master the skills necessary to be successful. It was great to see our grade 5's and 6's interacting with and learning from the older boys. We would also like to thank Mr. Tsioros and Mr. Trevisan for their help with the team. **LS**

er an incredibly difficult tryout period – ther Nature would not co-operate, the sity squad was finally established the before our first match. The team shed 4 and 2 in the regular season. ng into the final tournament, SAC was eded 6th. Playing with the youngest ad in the tournament, our team rallied to sh 4th, in a CISAA championship that all coaches agreed featured the strongest d in many years. Congrats to a great formance overall. We are looking ward to having most of the team back xt year!

What a beautiful day today is! On days s today, I can't think of anything more fu being on a tennis court and hit a few tenn around.

Unfortunately the weather was not so kind last two months, when unusually wet an days were the norm. I mention this becau much of the season, we practiced and pl less than ideal weather, with temperature in single digits. Yet everyone on the tea there and never complained, as we car with drills and games in the hope of im our game. I appreciate the dedication and I think it reflects a great deal of stren character.

This is one of the most talented teams ever coached. We get stronger every ye the problem is, so does everyone else.

Competing at the U16 level is very chall As a tennis team we are very much a power. Out of 8 teams in our league, comfortably in the middle.

Tennis is a hard game, where there's a hu between the strongest teams and the w For example, we beat Bayview Glen by of 5-0, yet Appleby College will beat us 5 UCC will beat them 5-0.

We finished the season ranked # 2 in our and we played in the championship and fourth out of 8 teams, which is a resp result.

One of my fondest memories of the seas playing at Ridley College, on what was the first beautiful days of spring. It was w sunny, and perfect for tennis.

On that day, Jurgen Jentsch, playing at down 7-3. Somehow, he managed to co and tie the match at 7-7 before going a win it 8-7 in the tie-breaker. That was o best comebacks I have ever seen! TP

U14 Tennis

ar, the U14 Tennis tryouts had one of its turn-outs... almost 30 very keen tennis

end, our team consisted of 9 very talented uals. As a result of their abilities, we made AA, knocking out Appleby and Country Day along the way. It was a frigid 3 degrees he team began their matches at 7am last As expected, the competition was as fierce ays is, playing against the top three teams UCC prep, and Crescent. Despite having trong players this year, we still only ed to get a 5th place finish, narrowly missing ce to Ridley. The players fought well, 2 or 3 of their 5 matches that day. Many went to deuce and the longest tie-breaker favorably at 15-13 points.

goodbye to many players this year. To milio, Luis, Ruben, and Juan' thank you for g the tennis team this year. We will miss ent and good sportsmanship. We also say e to Mihai Ciuciureanu and J.P. Last spring when the 2012 lacrosse team finished the season winning the OFSAA Bronze Medal at the A/AA tournament in Peterborough were very pleased with our results – and then as always, the worrying begins about next year! Once again we had graduated some outstanc players and would have some big shoes to fill – Like Jamal's size 15's! On top of that we'd crossed the OFSAA magic cut-off between AA AAA because we had 456 boys in the upper school last year. This would force us to play AAA/AAAA this spring for one year. With 18 seni the season proved to be a juggling act to keep all players engaged with meaningful roles and playing time, while still being able to develop younger players to take over the starting roles the following season. At our tryouts in January it became evident there would be no surpr with this team. With three players quitting the team from last year's roster, and no new players in grades 10-12, the team would continu build from within. Of our 14 new grade 9 players, 12 of them had come from our own U14 team under the tutelage of Mr. Cowell and Chadsey; with the other two being new boys Cam Vallardo and Eric Lowry. The team had 2 expectations going into this season: One hunc percent effort on and off the field – which we shortened to… "HUNDO"; and the second is GOLD – both CISAA and OFSAA. Our season be with training camp on the last weekend of the March Break in the Bedard Gym due to cold temperatures and lingering snow. After some e exhibition games, the team headed off to Columbus, Ohio for the Annual Wildcat Classic tournament in which the Saints finished secon Peter's Township from Pittsburgh. While in town, the team visited Ohio State University and saw the Buckeyes take on the Hobart Statesm The following weekend the JV and Varsity teams headed to Pittsburgh for a pair of games and a tour of Robert Morris University, and to the Colonials take on St. Mary's in NCAA DI lacrosse action. Back home we hosted our annual 4 team early bird tournament in which we finis second, followed by our annual 8 team Championship tournament which we won in exciting fashion 9-8 over Assumption from Brantford. last tournament was at Trent University where although we went undefeated, we finished second due to the tournament's Goal differenti breaker. In the CISAA we won a nail-biter 9-6 over UCC in the semi's to earn the right to attend OFSAA and to take on SMC for the CIS Championship. The championship game was hard fought and could have gone either way with the Saints hitting several posts late in the ga In the end, despite our "HUNDO PLUS" effort, SMC. prevailed 8-6. Over the course of 24 games, the boys have put together a fantastic sea so far. The season finishes off this coming Monday and Tuesday as we head to Oshawa for the AAA/AAAA OFSAA Championship in w we are seeded 5th out of 16 teams and will take on Msr. Paul Dwyer, Bill Crothers and Malvern Collegiate. To the graduating playe congratulations on your SAC lacrosse careers and thank you for you hard work and dedication to the team **GR**

This year for U14 lax saw a jump in the number of interested players. We decided to keep 26 players which included 1 gr 5, 6 gr. 6's, 7, gr. 7's, and 12 gr. 8's, of which only 7 were returning players. That also included 5 three year players and an impressive 8 players who are currently playing for the Newmarket Redbirds Field Lacrosse organization. Despite a 0-7 record, we scored 33 goals and had several hat tricks, first time goals and assists. Several games crept away from us through simple inexperience. And although not every player saw the amount of time on the field that they may have liked to have had, everyone saw game experience and we are looking forward to next year. Everyone now has game experience and has a better understanding of the game and its complexities. We graduate 12 players: Matt Brenzel, Dan Cheung, Dylan Cowell, Oli Harris, Andrew Jeffery, Jon Malowney, Callum Murphy, John Musgrave, Nik Seidel, Will Sirman, Connor Sleeth, and Patrick Turner. I hope all of you go out for the JV squad next year. And this might be the best time to advertise a new opening for a goalie â anyone interested in having a hard rubber ball thrown at you? We are taking candidates for next year! **FC & MC**

Jr. Golf

This year's golf team faced some serious challenges early on due to weather conditions. With snow still on the ground as we contemplated our first tryout, it was quickly apparent that we faced an uphill battle in getting ourselves ready to compete. That said, our competition faced the same challenges. In the end, success comes down to who is the most dedicated and driven to succeed.

Our Junior team finished the season in 8th place, heading into the championship. Unfortunately, due to injury and absences, we were unable to field a team for the championship round. Hopefully, our youngest player will carry the torch next year, leading a new group of recruits. **MR**

After our season rebuild in 2012, where we managed to lose all but one game, in 2013 we were victorious in all our very first game – a humbling experience against a TCS team who'd freshly returned from a pre-season tour Bermuda. To our credit, we avenged that loss two weeks later with a convincing 84 run victory, 87 of those ru contributed by returning guest powerhouse, William White.
Our 3rd match was a real nail-baiter against UCC. Missing 5 key players, we only managed 53 runs. UCC, with batters left, looked good to beat us late in the game before our bowlers overwhelmed them, squeaking out a narr two-run win. Last weekend, we finally put all our hard work of technical learning into practice, easily beating UCC. only gave up 3 wickets before passing their score of 68, earning league co-champion honours with TCS. It was Faheer second game in a row where he stayed in over an hour, this time retiring with partner Dhruv as they took us over top.
Even hough we hit far more runs last season, this year's difference was in the skill of our bowling. Our top bowler w our co-captain and spinner Bobby, who took 10 wickets, allowing only 4.6 runs per.
Cricket is very much alive at St. Andrew's. As one of the school's longest running sports (114 years . . .) sac c managed to win the league crown once in its first 100 years, despite having as many as 7 teams at once playing the school. Since 1999, paired down to all but one Varsity team, we've won or been co-champs 7 times, and 3 ou the last 4 years. Not only did every player work hard in practice, this was easily our best group of supportive and posit mates in my 13 years with the team. Every moment together was great fun and we'll all miss it over the summer.

MVP: Muhammad Salyani
MIP: Fahim Alam

Comment: I spent 3 years at St. Andrew's College. I met people from many different countries, religions and cultures. I can say there were times when I just wouldn't prefer to be anywhere else. But there were other times that I just wanted to leave and never come back. Overall i can proudly say that St. Andrew's changed me, and made me the person I am right now. I can't say every experience was good, but we learn from bad experiences as well. I would never change SAC for another school, but I would never come back. I want to thank all my friends that were with me all along those three years or most of them. Carlos Guraieb, Waleed Syiam, Gerardo Gadsden and Estanislao De la Torre; without them it would have been unbearable. I would also like to thank Mr. And Mrs. Perrier whom guided me through good and bad decisions and finally the best teacher out there, Mr. Papalia. finally I would like to thank my parents and grandparents whom made all of this possible. I made friendships that will last forever, I learned things that I will always remember but most important of all, I grew as a person in ways that I didn't think were possible. To all my fellow mates remember: "All we have to decide is what to do with the time that is given us."

Comment: Being at the school since grade 6, I feel like I will miss the school a lot but for now I feel like I'm ready to move on. There will be a lot of nostalgia I h associated with the school, with strong memories like the Carol Service, Homecoming, or Music Fest nationals. I feel like a part of this school will never leave m aspe my readiness to say goodbye, and I would like to thank all my teachers and the faculty of the school for providing such a developmental educational experience would also like to thank my parents for allowing me to go to such a special place.

The first day at SAC, back in Grade 9, was filled with uncertainty. So many people I didn't know. I was skeptical of the workload, I had never heard of the term cadets I did not expect that sports and extra-curricular activities would consume my entire day. This busy, disciplined, fun and sometimes stressful environment has really who I am today, a man, a complete man, a well-rounded citizen. This may sound cliché, but it is nothing far from the truth. The enormous competitiveness and d in the school has really paved the way for my future and I am looking forward to applying it in my business career. One day I will be back, to say thanks. As for now,

I was very skeptical about attending St. Andrew's College. However, after spending four years at hool I can say that it was all worth it. I met so many great people and made memories and ences that will last me a lifetime. I feel that St. Andrew's College has brought me to my full potential udent, athlete and devoted member of the community. I'd like to thank all my teachers and nates for four great years.

Comment: After coming to St. Andrew's two years ago I have made friends that will be with me for the rest of my life. I have learned the true meaning of brotherhood. I didn't realize until the end of the year that I had been taking this school for granted and there are so many things I will miss about SAC. Seeing the boys in the hallway and being able to have a good laugh, having a close relationship with teachers where you can talk to them about anything... I know that next year I will miss all these things about St. Andrew's. I would like to thank my teachers and my peers for their ongoing support at this school along with University Counseling for their amazing work with all the boys this year. Also, I would like to thank Mark Service for his support and motivation whenever I needed it. Most importantly, I would like to thank my parents, Christine and Tony for blessing me with this amazing experience. I wouldn't have been able to pull through without them. I hope that all of us can keep in touch over the years and have a great time in university!

Although my two years here have gone by incredibly fast, I know that the boys I have met, memories I have made and qualities I've been taught will last me a life time. I cannot begin to thank my parents enough for making the sacrifice sending me here. I know that coming to St. Andrews has been the best decision of my life thus far, and will effect the decisions I make for the rest of my life. I'm going to miss all the boys, and all the weekends with the boys, they have also taught me a lot. Coming from my hometown of Welland Ontario, becoming a complete man seemed nearly impossible. However with the guidance of friends and faculty at SAC it was made possible.

Four years ago, I hated this place. So much has changed since then. In the face of adversity and challenge, I found courage. In the midst of toil and struggle, I forged resilience. The experiences, the opportunities, and the people at St. Andrew's College have provided what I truly believe to be my best possible outcome in the past four years. I will remember the tough times, the good times, the fun times, the bad times. The synchronized 'clack' of a cadet platoon, the misty winter surface of the swimming pool, the thrill of arm-wrestling Mondays and Dilip's long-awaited triumph over Ibrahim, the long but fulfilling hours in C31. These are only some of the memories that will never leave me, each equal in its own regard.
So thank you, and goodbye, to this incredible school, to my persistent parents, to my outstanding teachers and inspiring coaches, to the friends I will cherish and the ones I will forget. To my brothers; Dilip, Aaron, Ibrahim, Luc, Othman, Joel, David, YoungWoo, Graham, Justin, Kenny and Angus, thank you all for an amazing last year. I've learned a lot from every single one of you, whether through your strengths or your flaws, through conversation or banter, through teaching or being taught, each of you has given me something to take away And to myself (in one year's time), I hope that you do not forget your old passions, that your love for writing, fighting and lifting still remains, but that you have been unafraid to venture new paths, find new interests with which to occupy your time.

Attending St. Andrew's was truly a privilege and a lifetime opportunity. I would like to thank all the Andrean community for making these years very special. In particular, I want to thank my parents for giving me this opportunity and for all their support, sacrifices, and effort. I also want to thank my sister for all her support and understanding. In addition, I'd like to thank Mr. McHenry for his help and for convincing my parents so that I could stay four years at SAC. Finally, to all my Andrean brothers: whenever you come to Mexico give me a call.

Comment: I can't believe that I'm already graduating. It feels just like yesterday that I was in my parents' car going up the driveway for the first time on new boy orientation day. These have been some of best years of my life. I have made some great friends that will last a lifetime, and learned a lot about myself. From travelling to Tanzania this past August to travelling to Ottawa and Chicago with the band, I have had some of the greatest experiences of my life. One the proudest moments of my life was when I reached the summit of Mount Kilimanjaro when I travelled on the SASSAW trip to Tanzania. I have been very fortunate that my parents are able and willing to send me to St. Andrew's and if they had not sent me here, my high school experience would have been drastically different. I am eternally grateful for the sacrifices that they have made for me to go here.

Hard to believe I'm finally graduating. I still remember my first couple of days at SAC, being a new boy at MacDonald house and I was your typical, super shy guy who would try his best to avoid everyone and instead, spend the night on his laptop...Who am I kidding, I am still basically the same guy I was four years ago. Either way, I'm happy and glad I spent my high school at SAC. I met some great people over the years, from students to teachers, and I wouldn't trade these couple of years for anything in the world. As I'm ready to move on to the next chapter of my life, I'd just like to thank a couple of people in addition to all my teachers and friends over the years: Senor Numa (for being one of my best buds even after almost failing his course two years in a row), Mr. Prezens (for taking me under his wing after I was kicked from T's advisory), "The Dogs" (you know who you are...) and Mr. Rann (for taking care of me throughout my years at SAC and getting me through some tough times).
Its been a great time and I couldn't ask for anything more.

Comment: I can say without a doubt these last four years at St. Andrews College have been the best of my life. These last four years I have met many remarkable people, had amazing experiences, and really evolved from being a kid to a young adult. I didn't see St. Andrews College as just a high-school, but rather a second home. Every morning held new lessons, experiences, and laughs. I grew exponentially as a musician, culminating with a performance at the London 2012 Olympics. I grew as an athlete, winning CIA with Varsity Cricket in my first year. I grew in character as well, learning what loyalty to my brothers truly meant and what it meant to be a well-rounded citizen.
I'd like to give a shout-out to those in the TSAEF (you know who you are!) because without you guys these last four years wouldn't have been as much fun. Finally, I'd like to thank my entire family and especially my wonderful parents who allowed me to come to SAC and put up with long hours and early mornings without complaint.

Comment: I grew up in a small town called Keswick, more or less known for its hick qualities. There aren't to many success stories that make their way out of Keswick, but I w one of them. I can't thank my parents enough for putting me through St. Andrew's, their countless efforts have allowed me to become the person I am today. hank my mom and dad for giving me the opportunity to attend St. Andrew's College; I am so grateful for all of the support they have given me. St. Andrew's College has all of the key skills that I will need to succeed in the future. When I started here in grade 7 I was a very shy, introverted person. This school has helped me become a d a well-rounded person. Thank you to entire Faculty and Staff body at S.A.C for helping me grow and supporting me through my time here; it is greatly appreciated. u to Mr. Michael Hanson for believing in me and helping me succeed. I want to thank Mr. McGillivray and Mr. Inglis for being exceptional role models for me and for me valuable leadership and life skills; skills that will continue to help me succeed in the future. Thank you to Mr. Roffey for being such a great mentor and for always me with advice when I needed it. Thank you to Miss Thorne for providing me with constant support through high school, for always being there when I needed to speak me, and for always making me feel happy, even during the most stressful of times. Comment: I would like to thank everyone who supported me during my career at St. Andrew's. From my time in the Middle School I would like to especially thank my advisor Mr. Ruscitti and Mr. Hanson, along with my Phys. Ed. teacher Mrs. Perrier. From my time in the Upper School I would like to thank my advisor and Economics teacher Mr. Service, my Visual Arts teacher Mr. Paolini, my baseball coach and Politics teacher Mr. Biasi, and of course my Media Arts teacher, my Dad. All of these teachers, along with my close friends (you know who you are), helped shape me into the complete man that I am today. I truly feel that St. Andrew's has stayed true to its mission statement, because after spending seven great years within its walls, I feel ready to take on the world as a well-rounded citizen. I want to thank my parents for breaking their bank account to send me to SAC, and for always supporting me. I turned out pretty good, eh?

Comment: Two years ago when I first came to Canada, I had to make a decision on which school I was going to attend. I had two options, one was SAC, and the other one was UCC. I visited UCC first. The students at UCC were not very friendly and were very unwelcoming. The next day I came to visit SAC, and I was stunned by the gorgeous campus and the residences at SAC. The students at SAC were very friendly and nice. By the end of the day I made the decision to come to St. Andrew's without a doubt. This year, I am graduating from SAC and I am so glad I made the right decision two years ago to come to here. Thank you.

Comment: When I first came to SAC I was scared; I'm not the most social person and the fear of not fitting in was there. However I was quickly swept into the community of SAC and never looked back. The memories and friends I made will last me a life time and are something that I will always treasure. Though I'm sad to say goodbye, I look forward to the future and everything it holds. I want to thank my parents for putting me through this amazing experience and the many personalities that I've met that shaped me as a person. I see now that the circumstances of one's birth are irrelevant; it is what you do with the gift of life that determines who you are. It's not what you have but what you do that will make your life that much better.

Comment: When I came to SAC in Grade 9 as a boarder, it was the biggest change in my life. Living on my own, doing my own laundry, managing my own time was not easy for me. However, with the helps from my friends, I was able to adapt to the changes pretty quickly. Over the past four years, I have changed a lot; becoming a more independent and mature teenager than I used to be, and it is all a credit to St. Andrew's College. The success and failure within the past four years became lessons that I will not forget for the rest of my life. I would also like to say a thank you to my parents for giving me such an amazing opportunity and enjoyable experience in life. I would like to thank my advisor and housemaster, Mr.Ramon. He helped me a lot since grade nine and helped me to keep on track in my academics until the last moment in SAC. Furthermore, I want to thank all of my friends for making my life much more interesting than it could have been. Finally, we graduate from high school a step into another stage of our life. I wish every graduate the best in the years to come.

Comment: My time at SAC has been amazing and life changing. The fun times in the boarding houses with friends. From going outside on the quad to play football during the spring time, too spending winters at the movies with friends. I'd like to thank the St. Andrews community as a whole. Also special thanks to Mr. Stewart my housemaster, and Mr. Manning my advisor and soccer coach.

ys, I would be content with time being on a continuous loop from September 2006 to June 2013 or randomly revisiting certain events from my time at SAC. It was a had "tri"-ed, accrued many kilometers on my swimming odometer, devoted many hours for band rehearsal, done my fair share of drill, had countless conversations in , etc... Most importantly though, it was a time when I met and befriended many great friends, and faculty members. Words cannot fully describe how fortunate I feel to o SAC.
hen I hang my SAC Blazer up for the last time, and as Grade 12 marks slowly lose their significance, my memories of SAC will inevitably go slightly blurrier with every . I will eventually find myself unable to empathize with my former Grade 12 self as to why I cared so much about my extraordinary SAC experiences.
uating and non-graduating classmates: Best of luck and hope we keep in touch! To all my teachers over the years: Thank you so much! Your efforts do not go ed! To my parents: Thank you for sending me to SAC! Finally, to my future self: The answer is 6, "Who whipped that?" and Turn-2-3, Wait-2-3, Up-2-3, 6-A-C.

Coming to SAC in Grade 11 was the best decision I ever made. I have met so many amazing people, and had so many amazing experiences in both grade they will be ones that I will never forget. Playing for First Hockey was an amazing experience, and it also helped move my career in hockey to the next level. arder in Memorial was also a riot, as a part of the "Family" with Liam, Rory, and Dev, I will never forget the week nights after study, playing pool, watching oranking each other. The weekends were also a gong-show. We had such a close group of friends, and we tore up the town of Aurora like we owned the uld like to give a huge thank you to My House Masters Mr. Carroll, and Mr. Trevisan, as well as the Perriers. Comment: Bitter Sweet describes my years at SAC.Being a student here for 6 years is crazy to think about because it felt just o short. If anything St. Andrew's has changed my life and has made me a better person, and the person I am today. Shout out to the boys, hate you guys, this year sucked!! Cares though!! (Jokes). Some awesome moments I won't forget are Jack and Cole helping me to my feet to finish my climb to the top of Mount Kilimanjaro even though I refused, mucking JV puck for the one and only Bsi and his partner in crime Joe Foote, and playing lacrosse for one of the top coaches in Ontario Gregory Reid and making me th player I am today. Thank you to Mr. Shrimpton and Mr. Josselyn for always having my back in tough situations, and to my pares fo giving me the blessing to come here in the first place. And last but not least.. Comment: When I came to St. Andrews in grade 11 it was a stepping stone for my next hockey move in my career. Very quickly it became much more than that for I found myself in an atmosphere surrounded by people who wanted to help and push me to succeed. Although I was a very weak student before coming here I found myself achieving my goals in the classroom and in my sports. This place isn't special because of all its amazing facilities, its special because of the people who are here. I will also never forget the endless nights with the fellas and I'm sure there will be more. I wish I could thank everyone but the list could go on forever, but a special shout out to Mr. Stewart my house master who has always been there for me in my worst times and my best time. Comment: The past four years have just flown by, and I can truly say that I will miss this place. These years have been the experience of a lifetime full of memories that I will remember for the rest of my life. During my time at SAC, I have made friendships that will last a lifetime. I have had many positive experiences and memories at this school that will live with me forever including. Highlights of my SAC career include JV Soccer CISAA Silver Medalists, being on various committees and clubs, receiving a high position in cadets, and being part of the Andrean brotherhood each and every day. Although I have succeeded many times, I have also had numerous failures. St. Andrew's has taught me how to use those failures as learning experiences and grow from them, this being one of the many lessons I have learned at this school. Being part of the Andrean brotherhood is an experience like no other, so thank you to all the boys to being there for me through thick and thin and creating memories that will last forever, hopefully we will all be connected for a long time! My parents are the 2 people I would like to thank most of all for sending me here, without them this experience would have never happened. I couldn't have asked for a better four years full of experiences and people I will never forget.

Comment: As my 4th and final year comes to an end its weird to think that it is finally my time to graduate. After watching my brother graduate while I was a young schmee in grade 9, to finally being in his shoes now, you can really see how St. Andrew's develops you as a person. First of all I want to thank my parents for putting me through the best four years of my life. I would also like to thank all the teachers that I had the privilege to be taught by, (especially Bias). Lastly and most importantly I would like to thank all the boys that I struggled with throughout my high school career. There was never a dull moment with these fellas. From every double header weekend, to all the cares we showed through our grade twelve year, I love every single one of you and will miss all these guys. Thanks to everyone and good luck with what the future brings, keep in touch!

ment: Over the past four years at SAC, I have had quite a few great teachers, but above all, I must the teachers that have put up with me for four years, Sandi Chasson, David Stewart, and Trevor Throughout my years at SAC, there is no teacher that has changed my thought process more than enay Shrimpton, and for that, I thank him profusely. However, in the end, I must quote Karl Marx in st words, "go on, get out, last words are for fools who haven't said enough."

Comment: As I look back on my time at St. Andrew's, it seems like only yesterday I was walking into Rogers Hall as a grade 8 n/ boy. Five years have flown by, and it has come to a bittersweet end. There were ups and downs without a doubt, but the friendsh s that I've made will last long beyond graduation. I'd like to thank my parents and grandparents for supporting me through this experience. Cheers to all the lads of the class of 2013, it's been a great ride.

Comment: My three years at St. Andrew's is quite possibly the fastest-passing three years of my life. I have never anticipated my experience here to be as profound as it would turn out when I first joined the school. St. Andrew's have become an integral part of me. It has taught me independence, confidence, and most important of all, it's a world of meritocracy. Your experience is what you make of it. The more you put in, the more you would get out of it. And now, as we all graduate to begin anew, I wish you all best of luck.

t: The past three years have been nothing short of amazing! Coming to Canada and not knowing what to expect, I was helped by Hayden, who made it easier for me. type of guy you cannot live without as a friend. I remember he took me in as his own brother and I got to experience my first party as Tyler Park for the night. Joshua, d Daniel will always be my friends because they have been through everything with me. This place is truly amazing and without many teachers I don't know if I would re, so thanks so much Mr. Manning, Mr. Stewart, and Mr. Shrimpton. Grade 11 was a breeze, but not too many great memories, except winning 4 championships with rade 12 was honestly and unexplainable as to how great it was. The 2012 Soccer team was again successful, and I met 20 guys who I would have never thought I ve been friends with, ever. The Varsity Hockey team took me in as one of them. Rory, Adam, Jay, Curtis, Liam, Jack, Jacob Jake and the rest of the returning players, so much for the best year of my life. Prom was sickest experience of my life; Hate my prom date though! All in all, a lot of great relationships were formed over the past rs and some of them I never wanted to end. But like they say, all good things must come to an end. I wish everyone I have met here, a great and successful life.

t: I came to St. Andrew's College in 2009. It was my first time studying in a place that is 15 hours flight away from my home. I was really nervous and worried as I knew I g to live alone in a country with different culture and language. Fortunately, I was assigned to Memorial House which had a huge impact on my 4 years in SAC. Mr. and ier treated me as their own son and made me feel like Memorial House is my home away from home. Although, they are retired, they have become a symbol of House and their spirit will last forever. SAC is an incredible school which I can gain lots of experiences which will benefit me for my lifetime. I was impressed by the nd between every single Andean; they will support one another under any circumstances. After four years in SAC, I can proudly say that I did not just make friends but which will last for a lifetime. I would like to thanks my parents for sending me to SAC and my guardian for taking care of me in these four years.

Comment: My four years here challenged me to become a strong confient leader that wil prove to be benecial to me for the rest of my life. I remember showing up at the Lisaw locker in 2009 with my brother, and now I will bewalking across the quad to get my diploma soon. I would like to thank my roommate John Joseph Mitchell for convincing m Transition-UP to boarding in grade twelve, it was interesting and helpful. I would like to thank my advisor, Studwig for help he as provided me over my four years. I would a like to thank Major McCue for all of his support and guidance during my time in the cadet program, it has provided me with my dream career.
Last, I would like to thank my parents for allowing me and making it possible for me to attend this dream of a high school. It truely has shaped me into the person that I am ay. I am a better person for attending SAC.

Comment: I came to SAC in grade 9, knowing very few people. I was lucky enough to play hockey outside of school wita few guys, and have an older brother in his graduating year, who left me some massive shoes to fill. I have made a ton o reat guys over the past four years, and had some awesome memories to remember them by. None of this would have been possible without the support of my parents, my older siblings (Kevin, Krista), my advisor (Mr. Kimmerer), my Housemast (Mr. Service), and the brotherhood here at SAC. I'd like to wish those who have been by my side since day one all the best in the future. Dileas gu brath.

Coming from being the oldest in MacDonald house to being the youngest in Memorial was very scary thing for myself, but before I knew it my new older brothers made me feel very welcome and comfortable. Now being in my third year of Memorial house I am now carrying the torch that my older brothers left behind as I now, as they once did shine the light on my new younger brothers. I have made many fond memories and many unbreakable friendships in this fantastic house, and I am proud to call it my home! Thank you Memorial!
